Some people learn a second language easily. Other people think it is difficult to learn a new language. How do you learn a new language, such as English? There are some ways which make learning English a little easier and more interesting.

The first step is to believe in yourself. ( A ) If you believe that you can learn, you will learn. Take your time and keep going. ( B ) You don't have to understand everything quickly. ( C ) When we learn something new, we always make mistakes. We can learn from our mistakes. ( D )

The second step is to practice English a lot. For example, keep a diary every day. You will become comfortable with writing in English, and will be able to express your ideas in English. After a few weeks, you will notice that you are a better writer than before. Also, you must speak English every day. You can practice with your classmates outside class. You will make mistakes, but if you keep using it, you will feel more comfortable when you speak English.

The third step is to make a record of your language learning. You can write this in your diary. After each class, think about things you learned during class. Did you give the right answer? Did you understand the things your teacher said? Perhaps the lesson was difficult, but you tried to understand it. Write these things from your English class in a diary.

You should be proud of yourself and believe that you can do it. It is important to practice every day and write about your English class. You will enjoy learning English and you will become more proud of yourself.

February 10th

Dear Mary,

I really enjoyed my homestay with you in Los Angeles during my winter vacation. I spent only five days, but I had a very good time. All your family — you, Bob and Jane — were very kind to me. You often made pizza for me. I liked your pizza very much. One of my best memories was that I played with your dog, Lucky. I went for a walk with him after I got up in the morning. I'll never forget the beautiful view of the sea from your house. At my \*farewell party, I took a lot of pictures with your family. They were very nice and important to me. I'll send you some of them later. And thank you for taking me to the airport on the last day. I was very happy to get a nice scarf from your daughter Jane at the \*terminal.

How are you doing these days? Here's my summer plan. A big swimming pool will open near my house. It'll be ready by July. I'm going to join the swimming team in my junior high school in April. I want to swim in the new pool every day during my summer vacation. I have to practice hard to be a swimmer of the next swimming competition in September. I'll do my best.

By the way, I'd like you to do something for me. In summer, Dad wants to have a barbecue party outside my house. I want to make something. Could you send me the recipe for your cheese cake? I really enjoyed the cheese cake you made at my farewell party, so I'd like to learn how to make it myself. When I told Mom about it, she said she also wanted to try to make it.

Now, my best news! A cute dog came to my house last month. His name is Ben. He is small but can run very fast. He runs the fastest in my family now. My sister and I take him for a walk every morning. I'm very surprised to know that he likes bananas very much. When he is hungry, he often eats my banana! All the members of my family love him. I hope you will come to my house in Japan and meet him someday.

Love,

Ken
